

Work efficiency: speed: 2600 stitches/min

Sewing material thickness: 0.2-10mm

Stitch length: 7-10mm

Dimensions: 250x85x26mm

Net weight: 3.1kg machine + 0.58kg battery

Battery capacity: 36v 2.2Ah

Speed: 18000rpm

Power: 190W

High safety plastic handle, easy to use, can be used with one hand.

## Characteristics

1. Automatic thread trimming function.
2. High reliability, light weight.
3. Possibility of sewing with 2 double threads, passing through the same needle for an even safer seam (in this case it is necessary to set up a separate thread feed)

## The box contains:

- 1 portable electric sewing machine.
- 1 medium capacity lithium battery 36v 2200 mAh 2.5 hours of autonomy 1 flat key
- 1 x Hex Wrench 3 x.
- 1 spare strap
- 1 lubrication oil
- 1 spare cutting blade
- 5 spare needles
- 1 manual
- 1 battery charger
- 1 small reel of black HDPE monofilament 0.35 mm (approx. 500 m)
- 1 large reel of black HDPE monofilament 0.35 mm (about 40,000 m)
